

2011 BGR IN-HOME CARE KIT SHOPPING LIST

Please review the following carefully for any changes that have occurred for the 2011 In-Home Care Kit Project.

Baptist Global Response has researched and worked with partner organizations to determine the best resources to include in the kits. For uniformity in packing and shipping as well as customs approval in recipient countries, please only provide completed kits that match the detailed list. Varying kits and materials may delay shipments and may mean that the kits will not be accepted into a country.

- One kit will cost approximately \$100 or less. Prices vary across the country.
- Buckets must not contain a company logo or name printed on the outside. Most buckets have a “warning” label. This label is fine.
- There are two items that **MUST** be purchased at Wal-Mart: 1) Equate Multi-Vitamins, and 2) Garanimals or Parent’s Choice, Multi-Use Pads. Product codes and approximate prices are provided in the list.
- **Each** kit must include **all** of the requested items and no extra items. If you have extra items, please contact Baptist Global Response at BGRbuckets@gobgr.org to determine the best course of action.
- Please purchase **new items**.
- Please, refrain from adding cards, letters, photos, directories, bulletins or **any** other items that are not specifically identified in the instructions. Good intentions can inadvertently cause delays with customs or compromise the safety of those distributing kits.
- *Please direct questions, comments or concerns to BGRbuckets@gobgr.org or visit the web site at www.inhomecarekit.org.*

For shopping convenience, the list is grouped according to the Wal-Mart departments where you will find the item. However, it is not necessary to purchase all items at Wal-Mart (only the required items). Unless noted, the brand does not matter as long as the size and description matches the listed item.

Helpful hint: Most stores do not carry a large inventory of these items. You may want to contact your local Wal-Mart manager to discuss the list. Some managers may be willing to take your order by fax or online, order and collect the items for you, and then contact you when your order is ready to pick up.
